

Weir Farm Art Alliance Welcomes [Sally Veach](#)

This May, the hiatus of the Weir Farm Artist-In-Residence Program comes to an end and we are thrilled to be welcoming Sally Veach for the first part of the month. Sally was originally slated to complete her residency in September 2020 but due to the pandemic we had to put a pause on the program. We are grateful for the opportunity to now have her participate in the program and we are thankful for her patience and flexibility.

Veach's painting practice is inspired by the natural landscape and ideas about memory, the natural sublime, and the universality of change. Employing these ideas, and the colors of the landscape, she creates lush, vibrant paintings full of energetic marks, culminating in an emotional sense of place. It sounds like she will feel right at home in the landscape of Weir Farm!

Weir Farm's Artist-in-Residence program (AIR) selects artists through a jury process to live and work at Weir Farm each year. To date, over 230 artists from throughout the U.S., as well as Tunisia, Germany, Australia, India and the Netherlands have participated in the AIR program. Visual artists apply for one month residencies in all media and diverse artistic points of view from traditional to experimental.
